Black	White		

Colors shown may differ in shade from the finished product. This is due to the different calibrations of each individual computer screen and each different printer brand and model. In additional darker colored products may alter the ink color when printed. All PMS colors listed are approximate representations can are not exact color matches.

PMS color matching is available on certain products with a \$50g PMS Match charge. While we can not guarantee an exact match, we strive for the closet match possible.
